

Entech Oils DOT 4 Brake Fluid

Entech Oils DOT 4 is universal brake fluid for disc and drum braking systems.

Application

Entech Oils DOT 4 can be used with in most of European, Asian, American and Japanese cars/vans/motorbikes braking systems.
Entech Oil DOT 4 can be mixed with DOT 3.

Specification

SAE J 1703
FMVSS 116

Technical Characteristics

Chemical stability,
Good compatability with rubber,
Good lubrication properties.

Technical details

aracteristics	Data	Unit	Test according to
Boiling Point	240	°C	SAE J 1703
Wet Boiling Point	130	°C	SAE J 1703
Viscosity at -20°C	1800	cSt	SAE J 1703
Viscosity at 100°C	1.5	cSt	SAE J 1703
pH	9.0		SAE J 1703
